Dear Parents / Guardians,

1. Important Dates in Term 3

ICT Lesson

P 4/1	22 August	P 4/5	24 August
P 4/2	15 August	P 4/6	3 August
P 4/3	25 July	P 4/7	20 July
P 4/4	29 August		

2. Eating healthily

It is important that children develop healthy eating habits from young. Encouraging them to eat nutritious, balanced meals early on ensure that they have the right vitamins and minerals in their diet to help them grow and develop optimally. They are also more likely to be motivated and energised, supporting their ability to learn. Most importantly, it will set them on the right path to make healthier food choices as they become adults.

- Make healthy snacks available -Stock the kitchen with healthy treats such as sliced apples, whole grain crackers, frozen yogurt, cherry tomatoes and raisins and make them easily accessible
- Get them involved - Involve kids in planning healthy meals, going grocery shopping and preparing nutritious food will make them invested in the process of eating healthily
- Go to the source – Teach children where their food comes from by taking them to a local farmer’s market or to the farm itself will get them to appreciate the food that they eat

I hope you find the above information useful. If you have queries or feedback, please email me at lin_shiyng_diana@moe.edu.sg .

Yours sincerely,

Mrs Diana Tan-Lin Shiyng
