Dear Parents/Guardian

Home-Based Learning (HBL) on 9 March (Friday)

As part of emergency preparedness planning, the school will be activating HBL for P1 to P6 on 9 March (Fri).

Your child will not report to school on 9 March but is required to login to the MOnline e-learning portal in the morning. This is to check for announcements and the tasks that teachers have planned for him/her. Please check and ensure that your child is able to access the e-portal with his/her home PC/laptop (mobile devices should not be used for this exercise) so that he/she can complete the following tasks on Home-based learning day.

- Login to the system using the home PC/laptop
- View the lesson using home PC/laptop
- Submit the online task using home PC/laptop

Please contact MOnline Helpdesk for assistance at 67775198 (Monday to Friday, 7am to 9pm), email: info@mceducation.com or refer to the HBL FAQ at <https://tinyurl.com/y86g2346> should your child encounter any technical problem or call our school helpdesk if there is any issue in accessing the content at 63451195 ext 577.

Teachers will conduct HBL briefing in class to prepare your child for HBL. We hope you could give us your fullest support by making your home PC/laptop with access to the internet available to your child for the above purpose. Depending on the tasks planned, the estimated time required by a pupil to be online is 1 to 2 hours. If you have more than a child involved in the HBL exercise, you may space out the tasks for your children as long as they complete the online tasks within a week.

Yours sincerely,

Mr Low Kok Leong
